

WELCOME TO STEPHEN'S PLACE

The goal of Stephen's Place is to provide a safe, supportive family atmosphere where residents focus on the goal of making a successful, sober transition into society. It is an opportunity to learn how to live in society as a responsible citizen that is self-reliant, clean, and sober and living a successful, legitimate lifestyle.

Probationary Period

The first 30 days is a probationary period. This is a period of adjustment and a time to get comfortable with the people in the house. During the first week residents are restricted to the House with the exception of parole meetings, treatment appointments and Twelve Step Meetings. After the first week Day Passes will be granted with the approval of the Director. After the first week they may start a job search independently. They may also begin to broaden their support base within the twelve-step rooms. All outside activities must be cleared with the Director. At the end of 30 days the resident will be reviewed. If the resident's attitude and behaviors show a sincere desire to change, remain clean and sober, as well as compliance to house rules, the resident will be given the privilege of continuing the program. This will be a joint process between the staff and the residents in the house.

Accountability

If there is a delay or unexpected change in plans, which prevents a resident from returning at the expected time, they are required to call the Director or Appointee.

Curfew

Everyone must be in the house by 10 pm on weekdays and 12pm on weekends. During the first month the curfew is 11P.M on weekends, unless they are with a senior Stephen's Place resident.

Criteria for completion of the First Phase Program (90 days)

- Evidence of handling the program requirements responsibly.
- Actively involved in a 12 step program
- Stable Employment

Length of Stay

All new residents are asked to commit themselves to 90 days. Staying longer than 90 days requires an evaluation process. An extended stay at Stephen's Place is based on the resident's commitment to the program at Stephen's Place, and commitment to the recovery process. Individual needs as well as their financial situation will be taken into consideration. The length of stay is determined on an individual basis.
